

Mixed Bonspiel Proves To Be Main Event of The Week

CURLERS AWAY TO GOOD START

44 Rinks In Mixed Spiel

The Vulcan Curling Club is now organized for what promises to be the best year yet in local curling history.

Play started Monday night on a mixed bonspiel with 44 rinks competing. Six games are to be played each evening and nine games on Wednesday afternoon. This 'spiel' is not restricted to members of the club. Entries are still being accepted for club membership. Early indications are that there will be a big increase in membership in both the men's club and the ladies' club.

With curling underway so early this year members should get in a great deal more curling than during the past few years when mild weather interfered so often.

Vulcan this week, we find, is truly curling conscious with the mixed bonspiel and such kindred subjects as sore muscles and blisters the main topic of conversation among both sexes.

Officers in the men's curling club for the 1945-46 season are as follows: President, G. Weatherly; vice-president, C. W. Loose; secretary, W. D. Allan; executive, C. J. Robinson, R. M. Patriquin, F. M. Anderson, J. Wolfe, A. Fitzpatrick, W. E. Buchart. Draw Committee: D. McAfee, R. Fulton, W. D. Allan. Bonspiel Committee: Art Fitzpatrick, W. E. Butchart.

Membership Committee: C. W. Loose; F. J. Mensinger, P. Weber, Bev. Banks. Ice Committee: C. J. Robinson, A. Fitzpatrick.

Blackie Loses Garage By Fire

Early Thursday morning, Blackie residents were aroused by the fire alarm and before more than a few could get out, fire had made fast headway toward destroying the Southgate garage. The local fire apparatus was on the scene, but found to be useless as the fire had already spread throughout the building. However, good work was done by the fire department men, in saving the power and telephone poles which were burning within a few feet of the side of the garage. Wires were scorched, but no poles fell. Within an hour, the entire garage building was burned to the ground. Some merchandise was saved from the office and carried to safety by helpers.

In the garage at the time were a truck belonging to Jay Bucher, Mr. Southgate's passenger car, cars belonging to Wm. Farrell and Ted Seney, a truck belonging to Tom Green and a school van belonging to Mr. Southgate. The Bucher truck and Southgate car were pulled to a safe place, but the Farrell and Seney cars, in course of repair, were just outside the building, but were moved away in time to be saved.

This is Mr. Southgate's third fire, each time his business being wiped out. The first fire was at Ensign and the second at Blackie several years ago. Ernie has always had the courage to start over again and this time will be no exception, if he can possibly do so.

(People throughout the district are ready to extend their sympathy to the unfortunate family and are showing their sympathy in a practical way.)

Scarcely had the fire died down, when people were suggesting that they would gladly help Ernie get started again. Acting on the suggestions, the Blackie Community Club officers immediately got busy and started a subscription list to raise funds to help erect a building and get the business re-established. Already considerable has been accomplished and it is expected that substantial help will be forthcoming. Subscription lists are out at Ogden's store, the Bank, Blackie Hardware Co. and Blackie Co-Op. Those who have not yet had an opportunity to subscribe, may still find the lists open.

People of this district have always shown their willingness to help others in time of trouble and this appeal will no doubt be met with the usual generous response.

Buy More War Savings Stamps.

USE TB SEALS

Last week T.B. Christmas seals were mailed out to the citizens of the district by the Seals' committee of the High River Rotary Club. This year, 200 seals were sent instead of 100. Citizens are requested to keep and use the seals, and send in whatever contribution they can to aid in the Fight Against TB.

Diphtheria At Cayley

Diphtheria has broken out in Cayley district with three cases developing in one household, the latest last Wednesday. Parents are urged to have their children immunized against diphtheria. Regular clinics are held at the Health Unit office on Thursday afternoons and Saturday mornings. There are also clinics in each town with schools in each district notified on the clinic time.

Diphtheria spreads rapidly from one person to another, with young children most susceptible. Toxoid protects children against taking the disease, and is usually given in three small doses, about three weeks apart. It is not a treatment for persons sick with diphtheria, but acts as a resistant.

Legion Asks Total Victory

National President Alex Walker Says Total Victory is Total Effort for New World and Individual and National Duty

Speaking in Lethbridge recently Alex Walker, president of the Canadian Legion, presented clearly what the Legion has in mind as a total victory. He said:

"Victory in the field must be matched by victory at home, over everything that weakens and divides the nation."

"We now address ourselves to the people of Canada because total victory is still to be won."

"Victory in the field must be matched by victory at home, over everything that weakens and divides the nation."

"The things that weaken can be found in everyone; every Canadian, therefore, can start with himself."

"Every Canadian must accept his responsibility."

"Our greatest task lies ahead."

"Total victory demands a total effort for a new world, worthy of the sacrifice our comrades have made."

"As Canadians and members of the British Empire Service League we are proud of the role played by the British Commonwealth and empire in the struggle for freedom and pledge ourselves to do our part in creating the great moral forces required for total victory."

"After the First Great War most of us felt that our efforts were finished with the winning of the war."

"Now we know that the job is not over because military victory has been achieved."

"The conflict will continue with the forces of good and evil arrayed against each other."

"Our fathers, inspired by a vision of Canada devoted to the service of God, chose as their motto: 'He shall have dominion from sea to sea.'"

"This is the heritage we have received and, on this heritage, we must build our nation."

"The children of our country who are its greatest potential wealth, must grow up in this fighting faith."

"They will then respond to the challenge to live to make their country great."

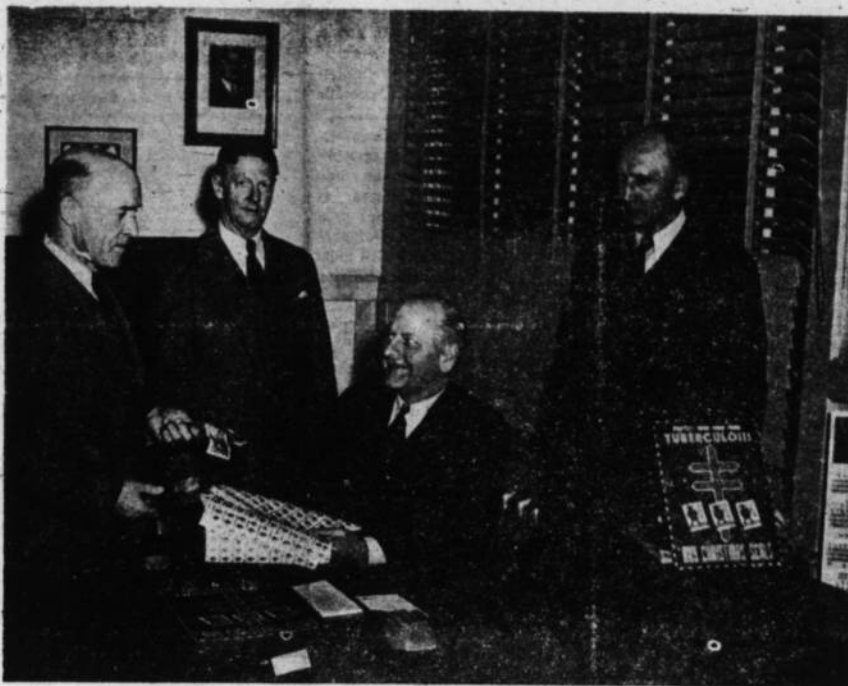

"This purpose will give them the incentive to learn the dignity of work, the value of a task well done and the dynamic qualities of teamwork."

"Only thus can national unity be achieved."

"Hundreds of thousands of houses will need to be built."

"Yet homes are more than houses, and Canadians have the challenging task of creating the kind of home and family life that will make this nation strong, clean,

LAUNCHING CHRISTMAS SEAL CAMPAIGN

Rotarians getting machinery going for annual Christmas Seal appeal. Cecil Crooks, one of the committee, is seated at his desk receiving contributions from Rotary members. Others from left to right are Dr. Blayney, Steve Jones and Frank Watt.

Obituary

NEIL HUBERT McCOLMAN PASSES

Neil Hubert McColman, aged 75 years, of Vulcan, passed away at his home on November 15th, following a long illness.

He was born at Collingwood, Ont., and moved to North Dakota where he married Sarah Ellen Kabear at Mackvill, N.D., in 1899. In 1904 they moved to High River, Alberta, where he took up a homestead in what is now Brant district. For the past month Mr. McColman has resided in Vulcan.

He is survived by his wife, one daughter, Mrs. John O'Leary, Williams Lake, B.C., and three sons, William, of Detroit; David, of Turner Valley, and Fred, of Mossleigh, and one sister, Mrs. William Whitfield, Thornbury, Ont.

Services were conducted by the Rev. J. L. Wright in the Vulcan United Church on Saturday, November 17th, at 2 p.m. Interment was made in the Vulcan cemetery, Snodgrass Funeral Home being in charge.

Canadian vs. U.S.A. Taxation

Personal income tax cuts in the new U.S. tax bill have to be translated into percentages for easy comparison with Canada's flat 16% reduction in all personal income taxes. Expressing new U.S. tax rates first as a percentage of old rates, then as a percentage of income, a Financial Post survey reveals that:

1. U.S. reductions are greater than Canadian in the lower income brackets.

2. Marriage and dependents bring even greater relief, percentage-wise, than in Canada.

3. Americans earning over \$10,000 don't get as good a break as the 16% cut for Canadians in the same income bracket.

4. U.S. taxes are still heavier than Canadian in some of the lower income brackets, substantially lighter than Canadians in middle and higher groups.

One qualification to the comparison is that some states still levy income taxes. For these states the comparison would not stand.

"To build the Canada we want is an enterprise which requires the work of all."

"It will need the combined initiative and imagination of government, management and labor, freed from the menace of fear and greed."

"Made rich by the special gifts of every race within it, Canada will then demonstrate our answer to the chaos of conflicting races which, throughout history, has challenged the peace of the world."

"Thus will Canada fulfil the vision of our king who said: 'With God's grace, you may yet become the example which all the world will follow.'"

"In the faith that the people of Canada are with us, we issue this call to action for total victory."

Wedding Bells PRICE — WORONCHUK

A quiet marriage was solemnized at the Vulcan United Church manse, on Wednesday, November 14th by the Rev. J. L. Wright, between Elsie Woronchuk, second daughter of Mr. and Mrs. Michael Woronchuk, of Brandon, Manitoba, and John Johnstone Price, son of Mrs. David Bell of Vulcan, and the late Andrew D. Price.

The groom's twin sister, Jeanette Hargrave, attended the bride as matron of honor, while the groom was attended by his stepbrother, Mark R. Bell, recently returned from overseas.

The bride was charming in a yellow wool two-piece dress with black accessories and wore a corsage of gardenias.

The matron-of-honor chose a navy wool dress with black accessories and wore a corsage of pink roses.

A reception was held at the home of the groom's parents for the family and intimate friends.

The young couple left on the evening train for a short honeymoon in Calgary and will reside in Vulcan following their return.

REID HILL W.I.

Despite inclement weather the annual meeting of the Reid Hill W.I., held at the home of Mrs. Peter McIntyre, Friday, November 16th, was well attended, with fifteen members and seven visitors present.

Mrs. R. Fitzpatrick, president, was in the chair, and opened the meeting in the usual manner with recitation of the Creed and Salute to the Flag. Correspondence read included several interesting letters from the new Provincial officers.

A report by Mrs. Adams on an interview she had had with the head of the T.B. mobile clinic was given. Mrs. McRoberts agreed to contact all branches of the W.I. and other organizations to have clinic visit Vulcan in the very near future.

The sum of \$5.00 was voted to the Christmas Cheer Fund for British children. Mrs. D. Thomas, Mrs. McRoberts and Mrs. P. Bowie offered to act as a temporary committee for the hall dances. Nominations were held for the offices of Secretary-Treasurer, President and Vice-President with the following results: Mrs. McRoberts was re-elected secretary-treasurer; Mrs. Lorne Healy elected president; Mrs. R. Bowie, vice-president.

Directors for the next three months are: Mrs. R. Adams, Mrs. Ross Walker and Mrs. F. Mensinger. Sunshine friends were disclosed, gifts exchanged and new ones drawn for. Mrs. Agnes McKay offered to contact the teachers of the Consolidated school regarding special training in public speaking and elocution, with the Reid Hill W.I. providing prizes for same at the end of the school year. A delicious lunch was served by the hostess assisted by her daughter, Mrs. Thomas, at the close of a most pleasant afternoon. The raffle was won by Mrs. A. Sales.

Vulcan to Have Senior Hockey

Entered in Foothills Hockey League

An early survey of available players in Vulcan, seems to assure the fielding of a senior amateur hockey team here and on the strength of the survey an entry has been made in the Foothills Hockey League which comprises Okotoks, High River, Nanton and Vulcan in the north half of the league and Claresholm, Macleod and Staveland in the southern half.

A meeting is to be held in Staveland on Nov. 28 to draw up a schedule and for further organization.

J. Walsh of Macleod is president of the League and R. L. King of Claresholm is again acting as secretary. The league has not been functioning for the last few years due to the war, but is swinging back into operation and indications point to a fine season.

Locally the prospective players have been away from the game for several years and it is expected it will take a goodly part of the season to get the players into shape and to develop team work. A consensus of opinion here indicates that Vulcan fans would prefer to see all local talent fielded in the league, not only this year but in future seasons as well.

A plan has now been formulated whereby hockey will be organized here right from the pee wees to the seniors so that in future years there will always be new players coming up.

Ice is now being made at the arena and should be ready in the near future. First problem confronting the team is uniforms and a survey is being made to see what equipment is available from previous years.

KIRKCALDY

Mr. O. McCurdy was a guest at the home of Mr. and Mrs. W. Brinton last week. Mr. McCurdy has recently returned after more than five years in the service overseas.

Mr. and Mrs. J. Walker and son, Jimmie, left there on Thursday for Nanton where they will make their home.

Mrs. Albert Markert left last week for Washington where she will visit with her daughter, Miss Bernice Markert.

Mr. Don Mallory was a recent Nanton visitor.

Mr. and Mrs. T. Roebuck and son, W. Roebuck, left by motor last week for a holiday at Vancouver and Victoria.

Mr. W. Brinton was a week-end visitor to Calgary.

Mr. and Mrs. S. Bernard and family, of Mazenod, moved into the Alberta Pacific elevator house on Thursday.

Mr. and Mrs. Wilson, of Carmangay, were Sunday visitors at the home of Mr. and Mrs. D. Wilson.

Mr. and Mrs. Russell Robbie and son, Donnie, left for an extended visit at Victoria with Mr. Robbie's parents, Mr. and Mrs. R. Robbie.

BERRYWATER

Mrs. D. B. Smith is a Calgary visitor this week.

Three local girls, Betty Smith, Clista and Margaret Davis, who now reside in Calgary, had quite an experience Thursday night when the waters of the Bow invaded their home at Westmount Boulevard, forcing them to vacate during the night, using hip-boots. When word was received here Saturday it was understood the girls suffered very little property damage.

Miss Irene Bagnall is spending the week in Calgary.

Sgt. Alfred Easy was a week-end guest at the home of Mr. and Mrs. W. Speer. The sergeant has just returned from overseas.

The W. Speer's family were Nanton visitors on Friday.

The Berrywater bazaar and dance will take place November 30th, commencing at 8 p.m.

EASTWAY

Mr. and Mrs. W. Fleming have returned to the district and are at present living in the old Ernie Hall home. For the past three years Mrs. Fleming and children have resided in Cardston, while Mr. Fleming has served overseas in the Canadian army.

The entire community extend their sincere sympathy to Mrs. Neil McColman and family during their sad bereavement in the loss of husband and father.

Mr. Chester Marshall is spending several days in Calgary this week. Sgt. J. J. Gooch motored to Calgary last Monday where he reported to Mewata Barracks. After spending the week there he returned home quite happy as he just received his discharge from the Canadian army.

Mr. John Mitchell returned to Calgary for the winter months after spending the summer here on the farm.

Mr. R. N. Hill spent several days in Calgary last week.

Messrs. Wm. and Joe Marshall again left for a hunting trip up the Highwood. This time they intend to return home with elk.

Mrs. Alec Mitchell was a Calgary visitor last week.

Mr. Jim Murphy and Messrs. Oscar and Harold Hellewang left last week for Winfield where they intend to be employed for the winter months in a lumber camp.

Sgt. Alma Mitchell spent the week-end with her parents, Mr. and Mrs. Bob Mitchell. She was accompanied by her niece, Jean Iris, who will make her home with her grand-parents for a while.

V.H.S. INITIATION DANCE

On November 16th, at the Legion hall, the Vulcan High School held an initiation dance. Invitations were presented to ex-servicemen from V.H.S. and ex-servicewomen from V.H.S. and the Champion High School.

The dance started at 8.30 with a large crowd present. Everyone enjoyed themselves at the dance, which seemed to have the best attendance of any recent High School dance. A nicely decorated snack bar was running at its full capacity. Some of the main dances of the evening were, Heel-toe dance, Broom dance, Squat dance, Spot dance and the Conga.

The door prize was won by Bill Hilz. We wish to thank the Champion High School and the many people attending for making this dance such a success. Thanks also goes to the many pupils who decorated the hall.

JOHN M. JAMISON

ADMITTED TO BAR

Takes Up Practise in Vulcan.

Succeeding L. H. Stack, K.C.

John Macalvey Jamison, 31, of 205-15th Ave. N.W., was recently admitted to the bar following presentation to Mr. Justice S. J. Shepherd.

Mr. Jamison will take over the practise of L. H. Stack, K.C. of Vulcan, who J. M. Jamison was recently appointed district court judge.

Mr. Jamison attended the University of Alberta and graduated in Arts and Law in 1939. He then became articled to the firm of Scott and Milvain and remained there until the spring of 1940 when he joined the air force.

He served as an equipment officer with the R.C.A.F. and rose to the rank of squadron leader before receiving his discharge three weeks ago.

TEACHERS AND TRUSTEES

REGENT trustees' conventions and teachers' conventions have brought out certain rankling issues which centre on money, and what are the senior governments going to do about it? The trustees are directly concerned with the employment of teachers and they can have no quarrel with the efforts to raise salaries to a standard commensurate with the responsibilities and dignity of the profession. But they claim that the great burden of education rests upon real property and this source of funds is already over-taxed. The president of the Alberta Teachers' Association has said that Alberta is short both of finance and teachers. The government has repeatedly been urged to meet 50% of the costs of education but without result. Although provincial revenue has almost doubled in the past 15 years, the amount spent on education is still relatively small. He instanced Ontario, Saskatchewan and B.C. as carrying between 40% and 50% of the costs of elementary and secondary education from general revenue while Alberta lags behind with less than 25% contribution. He felt that both federal and provincial governments must be pressed for

greater assistance by the general public which is so intimately concerned with the whole question of teacher shortage, and good teaching standards.

Alberta teachers at the same time, in convention over the province, again reiterated the necessity of higher salaries if a high type of teacher is to be retained in the profession. They also discussed at considerable length the inadequacy of the present pension system. The present pension provides for a maximum of \$30 monthly payable after reaching the age of 65 years. This, it is claimed, is but a fraction in comparison with other teachers' pension schemes effective through Canada and the British Commonwealth. Under the present scheme, according to J. W. Barnett, secretary of the A.T.A., the province pays \$2 per month for each year of service. The balance required to make up the \$30 is contributed from the A.T.A. reserve fund which is made up of deductions taken from teachers' salaries. It will be granted that \$30 a month contributory pension is not a lavish prospect after a lifetime of public service. It is niggardly in comparison with most pension schemes. It is small inducement to making a lifework of the profession.

An editorial in the A.T.A. says: "There is a bitter sense of grievance because in a province where surplus wealth is abundant, teachers are told that there is not the wherewithal to finance a reasonable standard of education for all, nor provide a respectable standard of living for those required to nurture the mind of the young adolescent, the future citizen of the province. When teachers seek better homes for themselves, better schools and better equipment for their pupils; when they seek release from the prospect of penury upon retirement they are asked 'Where is the money coming from?' This explains why Alberta schools are closed by the hundred."

Farmers Column

Agricultural Service Board to Forward Prevention of Soil Drifting by Distribution of For Forage Crops Seed

I HAVE written before about soil drifting. On recent trips I found where some farmers are practising the ideas suggested by listing their soil but oddly enough they are very few. Nevertheless it is encouraging to see that some farmers benefit from suggested ideas.

To carry the idea of permanent control for soil drifting to a definite conclusion it was recommended to seed a part of our land each year to a forage crop to return the fibre and bind the soil particles together. The Dept. of Agriculture are again placing at the disposal of the farmers their Forage Crop Policy and have asked the District Agriculturalists to implement this forage policy as widely as possible. Here is an opportunity for farmers to obtain the required grass and legume seed to seed the land that requires stabilizing.

This is the same policy as has been in operation for a number of years. The Department has reserved a large quantity of the various forage crops seeds and this is being held for farmers at minimum costs. Place your order with a member of your Agricultural Service Board, your secretary-treasurer of the municipality or your district agriculturalist.

Since most of the land that is subject to wind erosion is in the drier parts of this province, the following mixture is recommended: two pounds of alfalfa to which has been added the nitrifying bacteria, four pounds of brome grass and four pounds of Crested wheat grass. While seeding this mixture the seed must be constantly mixed because the alfalfa seed is small and round and will run to the bottom of the seed box and will all be seeded in one part of the field. The nitrifying bacteria placed on the alfalfa seed will attach itself to the young roots of these plants and form nodules largely composed of nitrogen. Brome grass has a creeping root and will tend to fill up any thin or bare places in the field. Crested Wheat grass has a strong fibrous root that firmly binds the soil. This grass during a dry spell of weather may appear dead but immediately after a rain it grows green and luscious.

By reseeding part of our farm to such a mixture we will have a hay crop to market. If we do not wish to sell this hay, cattle can be wintered for some rancher or if a farmer has had sufficient experience he can fatten cattle himself. By having the extra cattle on the farm it will mean more water supplies, etc., but it will distribute the farm labor more uniformly. Don't forget to reseed the valley on the farm because these may erode with spring run-off.

In the irrigated sections of my territory the above mixture will help to give some return on land that is troubled with seepage.

R. J. MILLIGAN,
District Agriculturalist.

Innoculation Clinic

Immunization against Diphtheria has been commenced in a number of schools in the district. Parents will be notified through their local school when the public health nurses will make a visit for immunization purposes.

In addition, parents may have their children immunized by their local doctor or at any of the regular clinics held in the district. The following is a schedule of clinics:

HIGH RIVER—Foothills Health District office—Each Thursday afternoon, 1:30 to 4:30 p.m. Each Saturday morning 9 to 12 noon.

NANTON—Nanton Rest Room, 1st Tuesday each month, 1:30 p.m. to 4 p.m.

VULCAN—United Church, 2nd Tuesday each month, 1:30 p.m. to 4 p.m.

ARROWWOOD—C.F.A. Hall, 3rd Tuesday each month, 2 p.m. to 4 p.m.

OKOTOKS—Elks' Hall, 4th Tuesday each month, 2 p.m. to 4 p.m.

BLACKIE—Masonic Hall, 4th Monday every month, 2 p.m. to 4 p.m.

MILO—Municipal Office, 3rd Monday every month, 2 p.m. to 4 p.m.

For Families Residing in the Turner Valley School District

TURNER VALLEY—United Church hall, 1st Thursday each month, 1:30 to 4 p.m.

BLACK DIAMOND—United Church, 2nd Thursday each month, 1:30 to 4 p.m.

ROYALTIES—W.I. Hall, 3rd Thursday each month, 1:30 to 4 p.m.

LONGVIEW—Roxy Theatre, 4th Thursday each month, 1:30 to 4 p.m.

High River, Alberta.

C.P.R. Has 60th Anniversary

On November 7, 1885, the last spike was driven in Canada's first trans-continental railway line. On Nov. 7, 1945, the 60th anniversary of the C.P.R. was celebrated.

In the intervening 60 years, packed with history as they have been, trackage has lengthened from the 4,225 miles which made up the first "main line" to more than 20,000. Along the Canadian Pacific lines which serve every important industrial, commercial and agricultural section of the country, have grown great cities like Winnipeg only a "pup" and Vancouver, which did not even exist, when the original Canadian Pacific Syndicate was formed in 1880.

Ships carrying the red and white Canadian Pacific house flag have touched every ocean port round the world and have served the Great Lakes, Bay of Fundy and British Columbia coastal waters. A chain of eight hotels including the Empire's largest, the Royal York in Toronto, provide the utmost in service in cities from coast to coast. Supplemented by beautiful summer hotels, running from The Pines and the Algonquin Hotel to the Maritimes to Banff Springs Hotel and Chateau Lake Louise in the Rockies.

In two world wars the Canadian Pacific's transportation service, its communication lines and the facilities of its ships have supported victory's cause. Since 1939 Canadian Pacific Steamships' two ocean fleet has been serving the Admiralty with 11 ships victims of enemy action for the greatest loss of any steamship company, while its air lines made history by pioneering the "Atlantic Ferry" to fly vitally needed bombers to England.

With an eye to the future the C.P.R. is planning innovations to add to the comfort of the travelling public. These are to be realized as soon as material become available, and the peace-time traveller will find enclosed sleeping accommodation with folding beds, wider windows, indirect lighting, new designs for interiors and exteriors which carry out the modern trend.

NEWS OF INTEREST

Sixty per cent of all the production in Canada from 1939 to 1945 was for war. Contracts for war ran to 10 billion dollars.

The government is making a little concession to housewives in December. Instead of one sugar coupon and two preserves coupons becoming valid, there will be one sugar coupon and four preserves coupons valid.

Prime Minister Attlee is a guest at Ottawa following the visit P.M. Mackenzie King and P.M. Attlee at Washington.

S. W. Blaylock, former president of Consolidated Smelters, died at Trail on Tuesday after a lengthy illness.

New temporary buildings will provide additional classrooms at Univ. of Alberta. They are to be built on the campus.

Canada's Ninth Victory Loan is likely to exceed two billions.

The majority of U.S. people, according to a recent poll, consider that Allies are not being tough enough with Germany.

What Christmas Seals Accomplish In Alberta

All Funds Administered by Alberta Tuberculosis Association at "Low Cost" for Administration

Catch 'Em Early—Early, curable tuberculosis is found only by X-ray. Christmas Seals bought two Mobile Chest X-ray units at a cost of \$40,000. The Department of Health operates them, and to November 15, 1945, has X-rayed 175,000 Albertans. There were nearly 500 cases of "probably active," and there were 4,800 "other abnormalities" such as heart, cancer, tumor, etc.

Mass Surveys—Considerable assistance is given to the Department in organizing and conducting the surveys, both by the Association and by the local committees.

Making the Come-Back—Vocational Training and Rehabilitation assistance have been given to nearly a hundred patients or ex-patients. Of these, about 50 were financed for tuition in special technical courses, and maintenance was supplied for most, while studying, though some take the courses by correspondence while still "on the cure."

Advice, counsel and help in finding positions have been given to about 45 ex-patients. Seals pay the whole cost.

Work for Idle Hands—Occupational therapy in sanatoria was initiated by the Associations, which pay a large part of the cost including all tools, equipment and supplies. No profit is made by anyone but the patients, who are thus enabled to earn the odd dollar making popular, saleable articles. Therapeutic value of this work is high. All articles are sterilized and sold for the patients.

Transportation expenses are paid by us, for any indigent patient in any part of the province, to nearest X-ray facilities, if any doctor or public health nurse requests it in order to check up on a suspected lung condition.

Transportation expenses are paid by us, for any public health nurse who is required to call on families of tuberculosis patients at a distance, or on any contacts of tuberculosis people.

"Comfort Funds" are maintained by us, and administered by San officials, out of which necessities may be bought for patients who have no money.

Books for patients' libraries are bought from time to time.

Vitamins and Calories—Extra food, milk, cod liver oil or other necessities are provided for families of tuberculous people, in cases brought to our attention there is an obvious need, and relief allowances are not sufficient.

Full-Time clinics are maintained in Calgary and in Edmonton.

Local Health Units are subsidized in other places, as in Lethbridge, where the Nursing Mission looks after tuberculosis work for a large district.

Chest X-Rays are paid for in some districts, on doctors' requests.

After-Care—At some points, Christmas Seal funds pay for special treatments, such as pneumothorax.

Educational program is vigorously carried on, through newspapers, the radio, schools, etc.

Public addresses dealing with the fight against T.B. are delivered to many service clubs and other groups.

The educational program is constantly expanding, and will soon include movies for showing to local groups, schools, etc.

Tuberculin testing of school pupils is carried on in many communities, paid for by Christmas Seals.

Hospital Admissions—There is conclusive evidence that many people admitted to hospitals for other conditions have T.B. and don't know it.

The Associations have offered \$3,000 to two large hospitals to help pay the cost of giving a chest X-ray to all patients for a three month test.

If the offer is accepted and the need proved, the Associations will consider extending assistance to more hospitals, and will continue to press for routine chest X-ray of all admissions.

Indians—The Associations have consistently urged the Dominion Government to provide more adequate medical care for Indians, who are peculiarly susceptible to tuberculosis, and whose death rate from the disease is appalling.

Protection Against Spreaders—The Associations have consistently urged that the laws governing sanitary measures in restaurants, hotels, etc., be more strictly enforced for the protection of the public against infection.

The Alberta Tuberculosis Association is incorporated under the Friendly Societies Act, is affiliated with the Canadian and the National Tuberculosis Associations, and works in close co-operation with the Department of Health.

Bonded—All money handlers are bonded for the protection of public funds. Financial statement is inspected yearly by the Government, and all possible measures are taken to ensure safety of funds and sound administration.

Low Cost—Cost of raising our funds through the sale of Christmas Seals (our only source of revenue) is only 11% of the gross receipts, considerably less than the 25% permitted by the War Charities Act. This includes postage, a large item.

Hockey Fans!

Players and all those interested in Senior hockey in Vulcan are asked to attend an organization meeting on Monday evening, Nov. 26 at 8:00 p.m. in the Legion Hall

Must Give Them What They Want

(Stettler Independent)

The farmers of Alberta have made a unique record during the past five years and good farm management has been extremely important. We will have to regard a farm as a manufacturing plant whose purpose is to produce the type of goods that people want to buy. When the demand is for the type of bacon that comes from hogs that will be well finished at 200 pounds, it's our business to supply that type. It's no use arguing that a 250-pound pig is worth more money. If you want a 7-size hat, will you pay more for a 7½? Of course not, and when a person wants bacon of a certain type, he is not going to pay as much for any other kind.

It is the same all through. We must market cattle at the right weight and finish and we're going to lose money on them. We must keep our eggs fresh and deliver them often. We must market our poultry in the form that the public is willing to pay a good price for. The job's only partly done when the product leaves the farm. That's the reason why there is such a network of processing co-operatives springing up across the country. Uniformity in production is the answer, and when the individual farmer cannot produce sufficient quantities, the farmers are getting together and pooling their resources.

100 MILES per HOUR on FIRESTONE SYNTHETICS

BECAUSE OF THESE FIRESTONE EXTRA VALUES—

Yes, you can be sure of Firestone tires standing up to any practical speed you will ever travel. Wilbur Shaw, the famous race driver, definitely proved that for you in an actual speedway test.

● Shaw drove for 500 miles at an average speed of 100 miles per hour—on the straightaways he hit 135 miles per hour.

● Not a skid or blowout occurred in this gruelling test—equal to 50,000 miles of ordinary driving.

You may never want to drive at 100 miles per hour but it's mighty comforting to know your Firestone tires have the reserve strength and stamina to stand up to any demand you could ever make of them. When you are able to buy tires insist on having Firestone DeLuxe Champion tires on your car.

Brief Items of Local Interest

Mr. and Mrs. Ross Clark have recently returned from a month's holiday spent in Idaho.

Mr. and Mrs. Harris Matlock have taken up residence in the Matlock farm in the Brant district.

Mr. and Mrs. Bill Houlton are spending a holiday with friends and relatives at London and Windsor, Ontario.

Mr. John Mitchell attended the dinner in honor of Major Tilton, V.C., held in Calgary last week under the sponsorship of the Alberta Pharmaceutical Association.

Mr. and Mrs. Jim Clark and small son have moved into town for the winter, where Mr. Clark will have charge of the curling rink.

Miss Eva McIntosh, of Calgary, is at present a guest at the F. B. Clark home.

The many friends of Cliff McAskile, Gerald Simington, Doug Jamison will be happy to learn they are all scheduled to land in Canada aboard the Queen Elizabeth the first of this week.

The Annual Bazaar, Food Sale and Tea of the Central Ladies' Aid of the United Church will be held in the Sunday School room of the United Church on Saturday, November 24th, commencing at 3 p.m.

Allan Marshall, of Grande Prairie, was a recent visitor at the home of his parents, Mr. and Mrs. Jack Marshall.

Word was received here at the end of the week of the sudden death in Coleman of Rev. G. Kettles. Rev. Kettles was a brother-in-law of Rev. and Mrs. Wright and had held services in the United Church here last summer during Mr. Wright's illness. Rev. and Mrs. Wright attended funeral services for Mr. Kettles at Coleman.

Mr. and Mrs. Russ Lawrence will take up residence in the Schenck cottage this week.

Mrs. W. A. Fitzpatrick has returned from a month's vacation spent at the coast.

Mr. Bill Butchart, of Edmonton, is spending a few days visiting with his father who is ill in hospital, and with his mother.

Mr. John Jamison has opened his law practice in the offices formerly occupied by Mr. L. Stack, K.C. Mr. Stack has recently been appointed district court judge at Calgary. Mr. Jamison spent most of his childhood here being the son of Mr. and Mrs. Robert Jamison.

Friends of Harry Hawkins will be interested to learn he has received his discharge from the R.C.N.V.R.

Much credit goes to the Teachers' and Students' Union for the most successful dance and social evening held on Friday evening in the Legion hall. A capacity crowd of young people, their friends and some parents enjoyed one of the finest social evenings held in Vulcan in a long while.

NEWS FROM THE VULCAN HIGH SCHOOL

The Students' Union election results are as follows: President, Bob Deans; Vice-President, Peggy Elder; Secretary, Maureen Wolfe; Treasurer, Mary Douglass; Editor-in-chief, Lyle Sales; Co-editor, Shirley Hill; Pianist, Joyce Dahl. Room representatives are Doreen Weber and Wendell Wolfe for grade nine, Kay Thorp and Correne Neville for grade eleven, Jean Benoit and Ralph Walker for grade ten, and Opal Deal and Norman Market for grade twelve.

We have just put out our first edition of the "Retaliator" which consists of Headings, Sports, Fashion Column, Plain Gossip, Poems, Grade Nine News, and Available Agatha—Students' Help Column, which we thought the public would like to know about. Both the Editor and myself are new at this kind of work, but we are trying to get the best kind of paper out we can. People who are interested in buying a paper, please notify Shirley Hill. We shall keep you informed on news of interest from the High School.

THE CO-EDITOR.

Miss Frances Hawkins is making splendid progress after her recent appendectomy in the Vulcan hospital.

Mr. Johnny Johnston is a patient in the hospital.

Members of the Ladies' Auxiliary to the Canadian Legion please take notice that the regular meeting will be held Thursday, November 29th, at the Legion hall promptly at 8 o'clock.

W. D. Allan, Miss Sissions and D. A. McAfee attended the Hospital Association convention held in Calgary Wednesday, Thursday and Friday of last week.

The General Council of the Alberta Liberal Association has been called to meet in Red Deer on November 28th, at 10.30. A large and representative meeting is expected and all visitors are cordially welcome.

Anglican contest, "Is it Mary?" Win a nice big dolly for Christmas by guessing her name. See her on display in the Vulcan Supply Store, where tickets are also procurable.

Mrs. W. Todd is visiting at the home of her daughter Mrs. Ross Hollister in Calgary and Mrs. Sefton of Crossfield.

Friends of Mr. and Mrs. Kenneth Elves will be interested to learn of the birth of a daughter to them on November 19th.

Friends of Mrs. Jack Deans will be sorry to learn that she is ill in the Vulcan hospital.

Lions Merv. McIntyre, C. J. Robinson, J. L. Findlay and H. Nault motored to Lethbridge on Friday evening last where they attended the fifteenth anniversary of the Lethbridge Lions Club charter night. All report a very enjoyable evening.

The Anglican Bazaar will be held in the church hall December 1st. Afternoon tea will be served. There will be a table of needlework, home-cooking and produce stall, a fish-pie dip for the kiddies, and raffles. Also Big Dolly Name contest to be drawn for if possible that afternoon.

Miss Mary McEachern attended the wedding of her sister in Edmonton on Saturday.

Would Unite Farm Bodies

Unification of farm organizations in Alberta is coming closer to realization. Both U.F.A. and A.F.U. recognize that the greatest strength would be given the Canadian Federation of Agriculture through a solidly united front in Alberta. During the past year executives of the two main farm groups have been in consultation to link up the educational associations with the Federation of Agriculture.

A resolution will be presented at the annual conventions of A.F.U., U.F.A. and Alberta section of the Federation of Agriculture.

This resolution says: "Whereas, the Canadian Federation of Agriculture is a national organization with a provincial unit in every province, and

"Whereas, in the interests of agriculture there should be only one farm organization in Alberta; "Therefore be it resolved, that the Alberta Federation of Agriculture should be reorganized to provide for the merging of the United Farmers of Alberta and the Alberta Farmers' Union on the following principles:

1. Provide for the setting up of locals on a direct membership basis.
2. An annual convention composed of delegates of locals and affiliate organizations.
3. The direct membership organization to elect the majority of the board of directors.
4. To provide for a women's organization.
5. To provide for a junior section.
6. The organization to be non-political.

Business Change

I have taken over the law practise and office formerly conducted by L. H. Stack, K.C. and commencing Nov. 17, the office will be open each week-day from 9:00 to 5:00 p.m. Phone 39 Evenings by appointment.
